

Animal Jumpers

For an Olympic game let the children try to jump as far as some animals can jump.

Put a laminated picture on the ground of the animal and measure how far they can jump. A rope or a ribbon can be secured on the ground using a large nail to show how far the animal can jump.

Flea can jump 13 inches

Mouse can jump 30 inches

Bullfrog can jump 36 inches

Grasshopper can jump 38 inches

Spider can jump 24 inches

Grey Squirrel can jump 60 inches

Dog can jump 66 inches

Rabbit can jump 10 feet

Kangaroo can jump 25 feet

Deer can jump 25 feet

People can jump 30 feet (world record)
