

Mission Funding
Episcopal Church Women
Christ Church Charlotte

The Episcopal Church Women (ECW) of Christ Church Charlotte uses profits generated by the GoodNews Shop and our Holiday Feast and Flora Pop-up Shop to fund mission efforts in the Charlotte-Mecklenburg area and beyond.

The ECW Funding Committee will meet during the last week of January 2020, to determine how to allocate funds generated by these sources. If you would like the committee to consider supporting a particular need or project in your ministry or agency, please fill out the attached grant application and return it by Friday, December 6, 2019. We are not able to allocate funds without a written request.

As a reminder, the committee generally looks for organizations:

- that focus on helping women and children
- that we have supported in the past, although new organizations will be considered
- in which Christ Church members have a significant involvement
- that have shown themselves to be good stewards of the funds donated

Generally, our grant awards range between \$750 and \$5,000. Disbursements will be made during the spring of 2020.

We look forward to helping you continue your mission. If you received funds from us last year and would like to share how you made use of those funds, we would appreciate hearing your story.

If you have any questions, please email us.
